Health Treatments

Drenched	16/04/2025	Cydectin	
Vaccinated	16/04/2025	7in1	Booster

Vendor Comments: This line of heifers were purchased with quality as part of trade operation. They have performed exceptionally well and are on the go ahead.

Joining Details: Not Station Mated

Other Joining Details: Purchased as younger, light weaners that should have been too young and light to have had any joining prior to purchase. After purchase no bulls.

Any Access To Bulls or Stags?: To vendor's best knowledge, this lot has had no access to bulls or stags.

Temperament

Yards	Crush	Paddock
Quiet: 20 head Slightly Stirry: 11 head	Quiet: 25 head Slightly Stirry: 6 head	Temperament not assessed in Paddock

These heifers were easy to handle in yards. The heifers did tend to want to mob up and circle in yards. Cattle were not

	stirry just suggest that prior handling practices may have been more station handling in larger mobs etc. Cattle were settled in the crush and race.
Handled With	Bikes , Dogs , Horses , Vehicles

Notable Traits		
		Traits
	3 Head	Blue pinkeye scarring (light)
	1 Head	Small vaccination lump/ scarring on neck
	6 Head	White marking on or in front of udder (approx number)

Assessor Comments	A line of quality, weighty type Angus heifers that really weighed well for their condition score. These heifers were purchased from southern Victoria as vendor bred heifers. Given a crop or grain feed these heifers would weigh like lead. A great finishing prospect or a line of females that would breed on good weighty characteristics.
Assessor	**Justin Sanderson (Level 1 Accredited)**

Delivery Period	09/07/2025 to 14/07/2025 (6 days)
