Very good heifers and calves to handle.

Assessor Comments	A very good line of Angus heifers on there 1st calf that have been running with a Aluara Angus bull since calving. A percentage of these heifers are vendor bred, while the balance were purchase out of CTLX blue ribbon weaner sales. These quiet medium to large frame heifers have plenty of milk and look to be doing a great job on their calves coming though the winter. Ideal heifers and calves to improve your herd.
