Heifers were good to run through the crush. Only 6 heifers not as comfortable with extra pressure in the crush, typical of fresh weaners. Will settle down well by delivery.

Assessor Comments	A very good line of USDA NOP Organic heifers. Very feminine heifers, exhibiting length, bone & softness. Ideal to take through as future breeders or fatten for the organic premiums. Well bred heifers that will grow out into stylish breeders or heavy kill weights. Odd red / brindle heifer, some show stronger Angus traits others sleeker coated, higher content Brangus heifers. No heifers have been retained, some very classy heifers on offer. # Please note Speckle heifers separate family brand.
