Quiet: 138 head Slightly Stirry: 6 head	Quiet: 138 head Slightly Stirry: 6 head	Temperament not assessed in Paddock

Steers were good to run through the crush. Only 6 Steers not as comfortable with extra pressure in the crush, typical of fresh weaners. Will settle down well by delivery.

Handled With Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Horses , On foot

Assessor Comments A very good line of USDA NOP Organic Brangus steers. A cracking run of steers with length, bone & softness. Ideal to take through as heavy feeders or fatten for the organic premiums. Odd red / brindle steer, some show stronger Angus traits, others sleeker coated higher Brangus content. Well bred steers that perform and grade exceptionally well on the hook. # Please note Speckle steers separate family brand.
