Assessor Comments	Angus and Angus x Heifers. Heifers are in good store condition and have been weaned and running in the hills. Wet coastal type conditions have forced the sale of these heifers. Some heifers vendor bred and some heifers purchased. Predominately Angus x Angus with a very approximately 3 heifers showing slight cross. These heifers are in store condition and would really go ahead given the opportunity. 2 heifers have blue spot in eye. 2-3 heifers have some signs of early stages of ringworm on neck. Vendor has 75 heifers in same sale on different property. And 40 heifers in same sale at same property.
