Majority of steers were easy to handle and process, with some becoming impatient and nervous under pressure in the crush and while videoing. Steers soon settled once back in the mob. Typical of weaners, they move quickly through yards and require some slowing through gateways.

Assessor Comments	Buyers, a great opportunity presents itself to purchase a tidy group of 12 EU ACCREDITED crossbred backgrounder steers. These steers present in store condition, and have been fully weaned and handled, therefore offering quick compensatory growth once arriving in their new environment. Sired by high quality Brahman, Red Simmental and Charolais sires that have left plenty of bone and growth in this line and would make excellent feeders in the future. Located 20 minutes North of the Warrego highway. *Vendor Offering free Delivery up to 100km from Property, Roma Saleyards included*. Please see photos and video for further satisfaction.
