A very nice mob of quiet steers that have been well handled.

Handled With: Bikes

Assessor Comments: Very quiet Droughtmaster steers on offer, these cattle show plenty of frame and have been running on light pine country ready to pack the weight on for the successful purchaser. These cattle have performed well for current vendors and will continue to do so. The cattle handled very well at assessment with most possessing very quiet temperaments with only a hatful becoming slightly stirry. They present as 100% flatback spec and would make great 100 day cattle. Overall a nice line of quiet good quality Droughtmaster steers possessing plenty of frame to stick the weight on. Please note one steer seen to have very minor sized old dog bite on back end, factor into your bidding, photo attached.
