Assessor Comments	Vendor bred weaned Speckle Park heifers. Offering part of the complete drop with the balance sold as a run out the gate. The final consignment of a herd dispersal. These cattle were residing in SW Vic and trucked to Holbrook for agistment earlier this year. Due to a late start to the season they are being offered for sale. They are currently being yard weaned after their mothers were sold and delivered late last week. They will remain in the yards on quality pasture hay until delivery. Sired by Minyara Speckle Park S drop bulls out of quality JAD blood dams. They are doing well considering the tough start to the season and will respond immediately to a change in diet and already look fresher with a full stomach and having received a drench. They offer the successful purchaser the opportunity to secure quality Speckle Park genetics. Should you require any further information please call.
