Quiet: 19 head	Quiet: 19 head	Temperament not assessed in Paddock

Cows were very good to handle through the yards, some were slightly unsettled while being mouthed.

Handled With	Bikes , Horses , Vehicles
Assessor Comments	Good quality Ultrablack cows, well on their way to calving, in calf to an Angus bull. They were good to handle through the yards and are good frame to fatten down the track. Most are well on their way to calving and would present an excellent opportunity to calve out and split. The progeny of these cows would be ideally suited to a wide range of markets. Very quiet and would be suited to a small block if required.
