J-BAS Score	6
Vendor Comments	A very tidy line of replacement quality Droughtmaster heifers that would usually be held and joined at the end of this year. 100% polled and scurred heads with excellent temperament and education.
Joining Details	Not Station Mated
Other Joining Details	Heifers have not been joined and to the best of our knowledge have had no access to bulls or stags. 1 x heifer however does look to be visually calfy.

Any Access To Bulls or Stags?	To vendor's best knowledge, this lot has had no access to bulls or stags.

Quality Grades		Store Condition		Muscle Score	
Very Good	37%	Fwd Store	8%	C	100%
Good	61%	Store	92%		
Fair	2%				

Temperament

Yards	Crush	Paddock
Docile: 43 head Quiet: 67 head Slightly Stirry: 2 head	Docile: 28 head Quiet: 72 head Slightly Stirry: 12 head	Temperament not assessed in Paddock

Years of breeding on temperament shows through with these heifers exceptional to handle. In the yards it was easy to walk through the mob comfortably in very close proximity without heifers moving off. A small percentage became slightly agitated in the headbail during mouthing however settled quickly and easily once assessed.

Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Low Stress Stock Handling© practices (05/08/2021) , On foot , Vehicles
Assessor Comments	A very tidy 4 deck line of Commercially accredited Droughtmaster Heifers from the highly regarded "Telemon Droughtmaster" commercial herd. A fantastic opportunity to purchase a line of highly fertile, polled heifers with proven genetics for fertility, growth and temperament. Bred for more than 50 years with these key indicators in mind its easy to picture how well these girls will go on and become a beautiful line of breeders. 100% reds and honeys and 100% with polled or scurred heads these heifers are ideal to take on as future breeders. Highly functional and fertile heifers with moderate frame, excellent temperament and good conformation. Un-joined and ready to put with the bull of your choice these heifers would be an asset to most breeding enterprises and boast some of the highest regarded Droughtmaster genetics in the north.
