Quiet: 115 head	Quiet: 117 head	
Slightly Stirry: 6 head	Slightly Stirry: 9 head	

An exceptional mob to handle through the yards, walking away self-controlled and calm through gates, minimal effort or push required to load the force, race & crush. 9 heifers were agitated when confined in the crush however stepped out the front calm and quietly. Overall, it is very evident the time and effort that the Vendors have invested into educating these cattle was on display how content, quiet and easily managed through the yards the heifers are.
