Steers were good to handle in and around cattle yards. Vendor has done a good job thoroughly handling steers through yards. Cattle were also a pleasure to take photos and videos in large holding paddock.

Assessor Comments	On offer a small but handy line of weaned Angus Steers, weighing 236 - 303Kg to average 272Kg. Steers present in forward store condition and have been grazed on a fresh oats paddock. Steers would be ideal to take home and put straight on an oats crop to hit the feedlot or take out to grass fed kill market. Cattle were running with cows on a Western lease block and brought home and weaned. Vendor also has 8 of the lighter steers for sale in the same sale. For further information please call.
