Heifers were wanting to trot about in the yards and pound. Worked well through the crush. Work well in the laneway and cooler with dogs.

Handled With	Bikes , Dogs , Horses
Assessor Comments	Buyers on offer is the lead of the number 2 Tullaville heifers. No replacements have been retained due to the sale of the property. These heifers have plenty of frame carrying no excess condition as they have had extremely wet grazing conditions of late. Compensatory gains expected on good feed. The Tullaville cattle have a great reputation for quality with the previous runs of weaners often topping the Dalby market. Note approximately 30 of these heifers show sign of ringworm which is starting to clear up.
