Assessor Comments	On offer A/c Bushy Park Angus, 76 x 2 (152 total) Angus heifers, July/August 2023 drop, these heifer are extremely well bred with plenty of breeding behind them as vendor use's top of the range bulls such as Millah Murrah Klooney and Pathfinder Genesis. These heifers have good frame to put on weight on if shown the right conditions they would be great cattle to retain as future breeders or to grow out for a trade option. At assessment they averaged 256kg and 100% weighed between 220-326kg after a 8 hour curfew. While assessing these heifers were drenched with Vetmec injectable, so buy these heifers knowing that all the hard work has been done. As being sold in 2 lots of 76 they will be sold as run out the gate basis. Buyers please note that 4 heifers have white around there utter and about 50% have ringworm which is not effecting the cattle.
