Assessor Comments	Quality line of Angus friesian x heifers, perfect animal to take on and join to become a vealer mother. Extremely quiet and in forward condition would make and excellent inclusion to any herd. Heifers present in forward condition and will be joinable toward the end of spring or into the on coming new year. Vendor is a license scanner and scan to make sure uterus's were set and definitely not in calf. 2x heifers show old pink eye scarring definitely not detrimental toward the animal.
