Assessor Comments	Offering a 3 deck line of 79 feeder heifers. The heifers were 432kg live at assessment after a large day of mustering the day prior and overnight in the yards. The heifers were weighed into a range from 360kg to 525kg and the No.3 heifers were mouthed to ensure they were all milk and 2 teeth. The heifers are a mixture of vendor bred heifers and purchased in cattle that are currently doing very well with the feed on offer. Don't miss this opportunity to purchase a line of feeder heifers spayed, weighed, mouthed and ready to go into the feedlot. Please note there are another 8 decks of Angus cross feeder heifers in the sale from the same vendor.
