Heifers were good to walk through in the yards and take photos. When working through the yards they were easy to block

	but at times did rush in the race prior to the crush. Some heifers became agitated in the crush but settled quickly in the mob. At the time of the assessment these weaners were on their first trip up the crush and once weaned should settle down well.

Assessor Comments	Offering 81 Brahman Cross heifers. These heifers are all branded No.4 and averaged 264kg live at assessment. The heifers are unweaned and have been put back with their mothers until delivery. They are bred from purchased in cows that are mainly large frame Charbray cows and sired by quality Brahman bulls. The heifers are well grown with a great start and should continue to grow out well for the potential purchaser. Please note there are another 124 heifers from the same vendor in the sale today.
