Weaners flowed through the yards well at assessment being drafted prior to being put up the race to be weighed. There were a few weaners that stirred in the crush or in smaller yard with pressure but settled once back with the mob. Overall weaners handled well.

At assessment 1 x head were seen to have a blue eye & 1 x head a minor hernia on navel. Heifers that have been bred in the mulga country and are ready to bounce away on fresh pasture.
