Assessor Comments	Buyers, an opportunity to purchase a small line of Stud Registrable weaned pure Knowla future breeder Heifers with considerable potential. These heifers were the retained heifers not sold as weaners earlier in the season, as they were out of the registered portion of purchased commercial Heifers at the annual Knowla Livestock Bull and female sale in 2023. These Heifers were sired by the top price Bull at that sale in 2023 being, Knowla Top Notch T72 (I.D BLA22T72). These Heifers present in good condition considering a very bleak winter and having only access to short native unimproved grazing conditions, supplemented with hay as required. These young heifers are extremely well bred and should progress forward given the opportunity of quality feed leading into joining, with the added piece of mind of being Pregnancy tested empty at assessment. Please note that five of these Heifers have old pink eye scarring, three of which is very slight. Not considered detrimental at assessment.
