Cattle professionally weaned and walked very steady into and out of yards. This year weaners had extra full day education through yards. Assessor helped to work cattle through yards and onto weigh-box, all steers walked calmly through yards. Have been through yards 6 times well trained and educated with "Low stress management in place"

Handled With	Bikes , Dogs , Horses , Low Stress Stock Handling© practices (12-12-2024)
Assessor Comments	64 Even Angus steers fully weaned and worked very quiet , full brothers to main line 55 head not far behind. 100 % weighed 240-289 kg avg 270 kg full. Steers all on the do, strong feed conditions, returned to paddock with 55 brothers. Repeat annual offering only small tail 9 head removed. Tremendous quality
