	Quiet: 72 head	Quiet: 70 head Slightly Stirry: 2 head	Temperament not assessed in Paddock

The weaners were calm and relaxed when in the yards. When they were in the race, there was a very odd animal that did rush slightly and moved about when on the scales. Once released from the crush the animals were calm.

Assessor Comments	A/C: CG & SG Cain offer 72 Angus steers. Vendor bred, weaned and grass assured. The Cain family have been using Rennylea Angus genetics exclusively for over 20 years. Steers that are usually grown out to a feeder weight, offered early due to the tighter season. A great opportunity to purchase very well bred steers, in genuine store condition. The vendor also offers weaner heifers in this sale. An excellent opportunity to buy very well bred weaner heifers that would be a welcome addition to any breeding herd. Please Note: Rennylea bulls EBV data have been included in the assessment. Please Note: 3 steers have a slight scar on their eye from a previous pink eye.
