Cattle displayed good temperament and were good to handle under a calm environment. Two females were slightly protective of their calves while taking the photos but settled once their was no pressure near their calves. I believe these females were just being good mothers.

Assessor Comments Quality line of 4 year old Black Baldy cows with calves at foot. These large to medium frame females have been doing an excellent job on raising their young calves which averaged 145 kgs with 2 steers & 5 heifers (calves are marked). Calves at foot are sired by high indexing Bongongo Angus bulls. Females have been rejoined to Bongongo Angus sire U567 & U1363 from 15/9/25 until 25/11/25. These females show good weight for age and are in ideal condition. Buyers, please note the vendor is offering their complete herd of females & calves over three lots in today's sale. Excellent opportunity to secure quality cows & calves which would be an asset to any herd. Cattle come highly recommended!
