Steers were good to handle and very calm to move through yards. They fed up to the race with ease and were relatively calm, considering it was their first time being weighed in the crush on the scales.

Assessor Comments	Presenting an eye catching line of 'Rennylea' Angus blood steers that are very quiet and were assessed with ease. As stated above, approx 13 were yard weaned 3 days prior to assessment and the balance already well and truly weaned. 2 steers were noted to have old cloudy eyes but still had vision in them. Another 2 drafts of steers from the same vendor are also in the same sale giving the opportunity to put together 90 steers.
