Temperament

Yards	Crush	Paddock
Slightly Stirry: 28 head Stirry: 4 head	Slightly Stirry: 25 head Stirry: 7 head	Temperament not assessed in Paddock

These are station cattle and are a bit flighty. The last 2/3 weeks of handling has improved temperament however some more handling/education would help these calves a lot more. If you want quiet cattle these are not for you.

Handled With Bikes , Vehicles

Assessor Comments Quality weaners ready to go onto some better quality feed. This is the top draft and have been drenched and needled. Odd weaner showing signs of lice/rubbing but Cydectin looks to be clearing it up. Great opportunity to secure quality weaners prior to the spring.
