Assessor Comments	Buyers a quality line of the Rynne family steers on offer. These vendor bred Angus steers are a very even line of cattle presenting from 370-428kg at assessment. These cattle have been performing exceptionally well on short fresh feed and would power ahead on crop or grain. The steers have just cleaned up in the coat though still possess plenty of frame and stand on good bone. All the hard work has been done with these cattle and they are the exact steer that you can buy knowing they will hit the ground running. The Rynne family go through extensive processes when selecting sire's for their herd so bid with confidence knowing these are properly bred performance steers that will make exceptional bullocks once finished on crop or grain with an outstanding temperament.
