Assessor Comments	Quality line of Angus & Angus X weaners. Presenting in good store condition, these vealers are adjusting well to supplemented feed and given the opportunity will bounce away on feed. Observed approx 4 head with old pink eye scarring (1 x both eyes) all were treated orbenin with eye patch. . A very nice line of well bred weaners that are good to handle, presenting an excellent opportunity to secure a good line of a/c the breeder to target trade or export markets with a live weight range at assessment from 155kg to 247kg.
