amazing lot of heifers to handle , low stress cattle to handle

Handled With: Bikes , Dogs , On foot , Vehicles

Assessor Comments: This line of vendor bred heifers are the lead of 400 heifers, out of renowned district herd of lawson angus blood cows . Lagoon Ck usually keep their heifers to grow out and calve down . but because of the seasonal condition they have made a hard decision to let something go , just happens it's there class of future breeders. The Heifer were great to handle , walk through the yard system to be weighed with no issues . Note odd heifer has a light pink eye scare in one eye . couple heifers have patches of white on udders , one has white scare on poll . see photos . *** Please note **** there is two lots of 75 head they are running as mob of 150 , delivery will be a run out the gate if different purchases involved . will try and get them as even as possible.
