	Heifers were easily drafted and assessed, animals were excellent in the confines of crush. I did feel one animal was unsettled in yards. In paddock cattle are inquisitive and mill around people.

Assessor Comments	VG draft of vendor bred Angus heifers 17-18 mths that have been keenly sort after by restockers for many years, recently tested empty from a tight 4 week joining among 100+ heifers. Banquet bulls have been the primary sires for over a decade, the last 3yrs the addition of Rennylea bulls were bought to bolster IMF & EMA. Heifers present in good forward store condition.
