Assessor Comments	The lead draft of Heifers . ACC Webb Pastoral. Out of the renowned Angus cow heard. These Heifers have been well weaned, being weaned back in mid November. Heifers have been weaned onto summer crop and have been putting on weight every day. Showing good bone, length and plenty of body these heifers are ideal to take on as future breeders or take through the winter and into spring will meet Trad or Export markets given the right conditions. A few heifers have had pink eye in past but healed up not detrimental to the animal. Heifers were very quiet and an absolute pleasure to handle through the yards come with my highest recommendation.
