These heifers are a credit to the breeder how they worked through the yards. From pregtesting and assessment they went through the race 3 times in the day. They behaved extremely well and are obviously well educated. They run nicely though a gate when counted and only very few heifers stirred up and only when put under pressure

Handled With	Bikes , Dogs , Horses , On foot , Vehicles
Assessor Comments	This is an exceptional run of Red Brahman replacement heifers. Joined to very good quality red and grey Brahman bull from noted studs like - Rockley, NK and Varossa. These predominantly number 1 heifers have weight for age, manners and are well presented with good cattle husbandry practices. They have been injected with dectomax on the day of assessment and the vendor is paying freight to Nebo Saleyards and guaranteeing clearance of the dip at Nebo to clean purchases. I can highly recommend these females for any operation and am happy to accept any phone calls in regards to any additional information required on the cattle.
