Assessor Comments	A quality line of vendor bred Steers, Averaging 319 kgs after an overnight curfew. Steers are well handled and have been running in 300 plus head mobs. These Steers are out of Crossbred cows which are predominately large in frame. These cattle are sired by Four O Eight Angus bulls. These cattle present a good opportunity to purchase Steers that are on the do and plenty of compensatory weight gain to be had. Please note this vendor has 2 other lots in this sale.
