Handled With: Bikes , Dogs , Horses

Assessor Comments	This is an outstanding line of Angus Heifers out of a highly recognised cow herd. The heifers are by Dunoon, Rennylea and KO Angus genetics. All bulls used in the herd average in the top 20% for growth carcass and IMF and maternal traits. There's 1 heifer in the mob with active pink eye at assessment, which were treated and will be followed up. This is a fantastic opportunity to secure a great line of Angus heifers with many years of genetics and performance. No replacement heifers were retained as this is the whole female drop across two lots. Vendor has 3 other lots in this sale.
