Quiet: 140 head	Quiet: 138 head Slightly Stirry: 2 head	Temperament not assessed in Paddock

The Cain family weaners are an absolute pleasure to handle, it's a testament to the vendors cow herd temperament and animal handling practices. During assessment the calves were calm and relaxed when in the yards. When they were in the race, there was a very odd animal that did rush slightly and moved about when on the scales.
