Assessor Comments	Buyers, here is a neat 3 deck line of very good quality Angus cross heifers. These heifers present good length and stand on solid bone. Heifers have had all the hard work done and are growing well, they will continue to power ahead if given the opportunity on good feed. This line of heifers would be ideally suited to be replacement breeders and would fit into any commercial breeder herd. They would also be suited to the feeder or slaughter markets, whether it be direct into the feed pen as trade weight heifers or to put on good quality pastures and take through to heavy feeder or slaughter weights. This lot has been pretreated for cattle ticks to assist potential buyers in the tick free area, however, it will be the purchasers responsibility to ensure all cattle tick regulations are followed. Please note there are 3 heifers with old fly bite scaring. Please note the vendor has another 3 deck line of heifers in the same sale.
