Assessor Comments	Buyers, here is a nice line of soft easy doing cross bred PTIC heifers that ave 397kg. These heifers have good length of body with nice muscle expression. Heifers have good depth of body and are showing plenty of calf. Heifers where all PTIC by a vet and will now be 3.5 months to 8 months in calf with majority 6 to 8 months. Heifers are joined to a Palgrove Ultrablack sire. These heifers worked well through the yards. 1 heifer had small wart marks but not detrimental.
