	1 Head	small crack front toe

Assessor Comments	A rare opportunity to secure leading-edge females direct from the renowned Glen Angus Stud. These quality cows have been naturally joined to The Glen 38 Special GMJ21S20 & GMJ21S227 and The Glen Keystone GMJR123. They are PTIC to TCC in early March. For buyer confidence, all females were re-pregnancy tested in calf on 22/12/25. These females are at an optimal stage of consistent breeding performance, displaying excellent maturity, phenotype and structure and will be a valuable addition to any progressive Angus breeding program. Cows weigh from 690kg to 858kg, averaging 716kg, curfewed. Please note if you require these females to stay APR with the Angus Society there will be a fee of $250 per animal transfer. Please note Angus ID's & Joining sire ID's are in documents. Also note a total of 130 APR Angus Autumn Calving females are offered in the same sale.
