Assessor Comments	On offer buyers is a nice line of young second calf heifers and calves. Heifers present in store to forward store condition, doing a tremendous job on their second calf. A young article, that given the opportunity, will go on to produce quality vealer calves or could be an ideal split article. Heifers have been joined to the Santa Gertrudis bull, the Pine family using Benelkay genetics for a number of years in their operation. An opportunity to secure a neat young article. Calves were marked and vaccinated at assessment for purchasers convenience.
