Assessor Comments To be offered 108 crossbred steers 12 - 18 months of age with plenty of frame which present in store condition. A good line of steers which will have further weight gain potentially on crop or grass with options for buyers for short or long term weight gains. Most steers stand on good bone with 2 steers with warts on shoulder and around the eyes. 6 steers showing brindle in coats but steers overall would be best described as Brangus & crossbred steers with other crosses, please see photos and video for own satisfaction. Buyers please note a two delivery date as cattle will be kept close to yard and feed good quality oaten hay at night and tailed out through the day. All steers were mouthed with 5 steers being two tooth. Good framed steers that are bred in western Queensland just waiting to show their full potential.
