Assessor Comments	A quality line of 2.5 - 6.5 yr old, Angus PTIC cows. Cows are PTIC to Kidman and Trio Angus Bulls and are due to commence calving in early June. Cows present in forward store condition having had their calves weaned recently and will condition up quickly given good nutrition. Cows have done an excellent job on their calves which display excellent weight for age. These cows are classed in breeders only being sold due to the dry conditions. Cows displayed excellent temperament and were a pleasure to handle in the yards. A fantastic opportunity to purchase young productive females. These cows would be an asset to any breeding herd.
