Assessor Comments	Quality line of Angus X steers, being the 2nd run out of 124 (complete drop), drafted on weight over scales. Presenting in good store to forward condition, these steers are just hitting their straps and given the opportunity will bounce away on feed and warmer weather. Observed approx 5 steers with old pink eye scar. Vendor will remove management tags prior to delivery. Some steers would be Angus/Angus as herd has been transitioning from a Santa base to Angus over the past 6 years. Excellent opportunity to secure a good line of a/c the breeder steers to target trade or export markets.
