Heifers good to handle, flowed through race well and were good in bigger yards. Some slightly agitated at mouthing, once back in mob settled well and good to handle.

Assessor Comments Line of cross bred yearling heifers, predominately Angus x, presenting in good store to forward condition, heifers are not station mated, some do have rubbing over hips & tail. Vendor will remove management tags prior to delivery. Odd heifer has small ringworm scarring on face. Heifers are going ahead on good winter feed and should, given the opportunity, continue to grow and fill out. Nice neat 2 decks of heifers, with 2 decks of their brothers same sale.
