Heifers haven't had much handling since being weaned and will certainly benefit from more education. A few heifers behaved typically like weaners spooking easily.

Handled With	Bikes , Dogs , Horses

Assessor Comments	A nice line of Autumn drop Angus heifer weaners. These heifers came to Mopoke as CAF on a line of Rennyela cows purchased off AP in Autumn. Calves have been weaned for 7 weeks and are up to date with their animal health treatments. These heifer weaners are fresh and have plenty of frame. Calves were sired by Rennylea bulls making them pure Rennylea blood. Buyers, please note that the vendor has 2 other lots of heifers offered in today's sale.
