These young females were easy to handle.Moved through and around the yards with no problems.

Handled With	Bikes , Vehicles
Assessor Comments	An attractive lot of well bred Angus Heifers. They are sired by Texas Iceman sons and bred out of Macka Angus females - the cows purchased out of Annual Macka's female sale. These heifers are showing characteristics of well bred females. They have plenty of length and well grown. Given their breeding they should mature into functional future breeders. Like their brothers they are starting to really appreciate the sunny days. It has been a particularly wet winter in this area and these steers will explode from here on. Currently losing plenty of old hair and starting to clean up. Easy to handle and will suit large or small operators. They are up to with all vet treatments as listed earlier in this assessment. Dual purpose heifers to either finish on grain/crop for local trade or be kept as future breeders. Vendor bred, Antibiotic Free and Grass Fed. NB 2 additional lots in same sale - 6 Steers and 9 Steers.
