Assessor Comments: A good to very good quality line of vendor bred heifers. 21% large frame, 79% medium frame, there is a top end in these heifers that suit as future breeders. Soft British/Euro/Bos Indicus cross heifers, they also suit a range of other markets. Yard weaned at assessment on good quality hay, will be educated to hay racks. As stated, these are soft heifers that are showing good weight for age. Note they have never been fed grain or treated with antibiotics, declaration for "grass only" available on request. Please note that this vendor also has 56 steers in this sale.
