Assessor Comments	On offer the lead draft of a very good quality of line of vendor bred Weaned Angus steers. All calves are showing great frame & depth and have been progressing extremely well on an oats crop for the last 6 weeks since weaning. Calves have been met with a good season since birth and have not had a set back. A very well bred line of calves that will continue to perform if given the opportunity. Please note: 3 steers in mob with pink eye scaring (not detrimental to eye sight) & a small percentage of mob have light ringworm , refer to photos. Vendor will offer 62 Angus Heifers in same sale also.
