| Assessor Comments | Backgrounders and Bullock growers these steers will not disappoint! EU ACCREDITED and PCAS ELIGIBLE these steers need no introduction to the industry, they are bred by big boned, long, thick sires and out of a very functional large and medium framed cow herd, while being bred in Tordoned forest country. These steers are bred to perform by using great sires from Dunlop & Dangarfield Santa and horned Herefords from Sowden Farms. This is the youngest line of steers being offered this year and still show plenty of growth for age and performance. There was one steer noticed with blight scarring in one eye, not detrimental. These weaners will be plunge dipped in a Tixafly dip prior to delivery. I highly recommend this line of steers. |
