	Calves handled well in yards with only 4 jumping around in weigh box and exited quick but settled in mob, 2 turned in race but were quiet in crush. Couple of heifers willing to move through a gate more so than others but not stirry. Walked out of yards without a jog as video shows. Anyone low in confidence around cattle would find these heifers quite ok to handle.		
Handled With	Bikes , Vehicles		

Assessor Comments	2 decks of good quality cattle that will continue to thrive with the correct opportunity, these are on the "do" and most have lost their winter coat. Grow into feeders or future breeders the purchaser will have a quite a few options with these given their age and condition. One heifer has an old eye scar but didn't appear to hinder her sight or health.
