Assessor Comments	A quality line of Angus Weaner Heifers. Sired by Gilmandyke Angus bulls, and out of Large framed Angus Cows. These Heifers are August/September 2025 drop and were purchased privately as Cows & Calves late 2025. They were weaned 12th of March and have had 5in1, Multimin Chrome and Drenched Abatech. On 22/06 they received a Abatech Ultra drench. These heifers are an opportunity to purchase Angus heifers to grow out into future breeders or background to feeder weights. Please note there is a handful of heifers with old pink eye scarring in one eye, not deemed detrimental to future performance. Also, there is a small portion showing ring worm scarring, not deemed detrimental.
