	Placid natured, bucket reared Heifers. Sweet hearts to handle, can't fault them. A couple of heifers were a bit nervous in the crush, weaving side to side and getting a bit Anxious, settled as soon as the head bale was opened, and walked back to her sisters.

Assessor Comments	Beautiful natured young F1's. Ideal future vealer mothers. All shining with good health & with a nice top on them, carrying a healthy fat score for their type, in ideal condition to put out with the bull in the near future. Heifers that have been frequently purchased by in-house clients, and are renowned for being milky, top end vealer producers. Reared on farm by their breeder, you can take these heifers on knowing they have never seen a bad day or had a set back in their lives and will continue to go forward and present a quality vealer next Spring. Please see photos & video for full contentment.
