very easy to handle quiet steers that did not show any sign of aggression during any stage of assessment

Handled With: On foot

Assessor Comments: A very good line of feeder steers in forward/store - forward/prime condition with great depth, structure, bone and temperament. These steers are an ideal line for the feedlot or to finish off on good pastures. All Steers mouthed at assessment with 3 Steers having cut 2 teeth and 2 steers just cutting 1st tooth with the remainder being solid milk teeth.
